Skin contact	 Immediately flush with plenty of water, while removing contaminated clothing. If irritation persists, seek prompt medical attention. 				
Eye contact	: Immediately flush eye(s) with plenty of water. After initial flushing, remove any contact lenses if worn, and continue flushing for at least 5 to 10 minutes. If irritation persists, seek prompt medical attention.				
Ingestion	 Toxic if swallowed. If swallowed, obtain medical attention immediately. Induce vomiting ONLY under the direct supervision of qualified medical personnel or a poison control centre. Never give anything by mouth to an unconscious person. 				
Notes For Physician	Prompt medical attention is important.Delayed treatment may result in fatality.This product is a CNS depressant. Use of ethanol may be helpful to counter the toxic effects of ethylene glycol by interfering with the absorption rate in the stomach and intestine.
